

## **Cornell Sustainable Campus (formerly Section 506)**

Cornell University supports research, scholarship, and the practical application of knowledge that address one of humankind's greatest challenges: achieving a sustainable world for all.

The university's specific commitment to campus sustainability was recently formalized in the new [2010-2015 Cornell University Strategic Plan](#). The plan calls for sustainability to be a guiding principle in all campus operations and specifically the implementation of the [Climate Action Plan](#) and [Comprehensive Master Plan](#). For information on teaching, research, and outreach for sustainability visit the [Cornell Sustainability Portal](#).

Progress in campus sustainability requires participation and innovation from every corner of campus. From the links below you can learn about the diverse efforts of student organizations, staff green teams, and the Cornell Assemblies' three sustainability committees. In particular, the [Presidents Sustainable Campus Committee](#) and the [Sustainability Office](#), along with 10 [President's Sustainable Campus Committee Focus Teams](#), play important roles in the coordination and support of these efforts.
